# PROJECT SPECIFIC EXPERIENCE

Crown Traffic Solutions has vast experience in the delivery of a broad spectrum of Civil and Civic Infrastructure projects. We can install all manner of roadside safety products that include Signage, Linemarking, Bollards, Traffic Calming and other products.

We pride ourselves on our ability to deliver projects that require multiple products and services across the same project ensuring seamless end-to-end solutions-based outcomes by one contractor delivered on time and budget.

Here are some of our recent projects:

- Northern Beaches Council – Signage Installation & Linemarking, Dee Why
- Penrith City Council – Signage, Linemarking and Traffic Calming – Glenmore Park
- City of Canada Bay Council – Signage Replacement – Five Dock & Drummoyne
- Burwood Council – Signage & Linemarking – Burwood, Enfield & Croydon Park
- Waverly Council – Replaced 2,000 signs in and around Bondi Beach
- Randwick City Council – Wayfinding Project, installed 200 finger boards, Maroubra, Matraville, Maroubra Beach
- Woollahra Municipal Council – Wayfinding Project, installed 420 finger boards – Rose Bay, Double Bay, Edgecliff, Vaucluse, Woollahra, Watsons Bay
- Wingecarribee Shire Council – Black Spot & Joint Funding Signage – Exeter, Robertson, Burrawang.
- Georgiou Civil for TfNSW – M1 Motorway Upgrade Large Format G Series Sign Installation - Beresfield, Newcastle
- DM Roads – Linemarking & Signage Installation – Northconnex Tunnel – West Pennant Hills
- The Hills Shire Council – Linemarking & Welcome Sign's – Norwest & Annangrove

- Goodman Limited – Multiple Signage and Linemarking Projects at Goodman Properties across Metropolitan Sydney
- Wollongong City Council – Wayfinding Project, Installation of 100 + finger boards across the LGA
- Wollongong City Council – Linemarking and Signage Installation – Wollongong CBD

# YOU CAN COUNT ON CROWN

Established in 2000, Crown Traffic Solutions has been delivering complex and holistic, Civil and Civic Infrastructure projects that have become the hallmark of our work over two decades.

We feel it is now time to harness this wealth of experience, grow the business and take on projects that push our company to new horizons.

We want to take our experience and grow further into the Civil and Civic space, challenging our creative and practical capabilities that have been developed and honed at Local and State Government levels as well as within the private sector. We want to evolve and grow, delivering our imagined vision to new and challenging projects across multiple disciplines.

Our mission is to deliver projects that are creative, forward thinking and in harmony with the environment in which they exist and to deliver this vision to every project we undertake.

To deliver work in an efficient, safe and timely manner is our objective, creating and delivering projects that are sympathetic to the environment.

To meet and exceed our own expectations and that of Project Managers, ensuring no harm comes to the natural or built environment.

Attention to detail and delivery on time every time

Collaborative engagement with project managers and all stakeholders

Experienced team of skilled professionals

Environmentally sustainable work practices including recycling and re-purposing of project waste

Hands-on style of management

*Having delivered many high-end and complex projects we have developed a core team that has been with Crown for over 10 years. This gives Crown the advantage of a synergistic and cohesive unit working in concert, with attention to detail across all our work. This ensures we meet all expectations, delivering outcomes beyond the ordinary.*
